

Blown Fibre Air Compressor

FOTA-LM7010

FEATURES & BENEFITS

- V - Configuration oil-less compressor pump
- Oil free air production
- Tankless design
- Cast aluminium construction
- Unique connecting rod system For perfect balance
- Heat-treated components for longer life
- Stainless steel valves
- Air cooling radiator with pressure stabilising valve
- Condensate filter
- Auto discharge idling valve
- Heavy-duty flexible reinforced delivery pipe
- Full wrap around frame for protection and portability
- Supplied with 'Instantair' coupler

3 HP - 3000rpm
Petrol Engine

9.5 CFM (270 ltr/
min)
Air Flow Rate

145 psi (10 bar)
Max. Pressure

LASTMILE FIBRE

PART NO	FOTA-LM7010
ENGINE	3 HP / 3000 rpm SUBARU Petrol
AIR FLOW RATE	9.5 CFM (270 ltr/min)
MAXIMUM PRESSURE	145 psi (10 bar)
NOISE LEVEL	80 dB LpA / 94 dB LwA
FUEL TANK CAPACITY	3.5 Litre
WEIGHT	25 kg
